The Dynamic Approach

Dynamic Security Inc. has developed a synergistic approach to customer service by focusing decades of individual and corporate experience on developing relationships with our clients. This approach is the primary driving force behind a client retention rate that sets the standard in our chosen industry and ultimately transforms clients into friends.

★ **ELITE SERVICES DIVISION:** Focuses on clients who have a need for officers who specifically have Law Enforcement or Military experience and require a premium level of training. Placed at all governmental agencies

★ **CUSTOMER FOCUS:** Understanding end user needs, goals, and milestones. We work diligently to exceed expectations and meet mission requirements, and maintain constant and up-to-date awareness of contemporary threats to commercial and governmental facilities and agencies.

★ **TRAINING:** Conducted in-house by tenured, accredited instructors exceeding all state standards

★ **QUALITY ASSURANCE:** Comprehensive program conducted independent and separate from members involved in the program

Since 1940, we've delivered elite security solutions to commercial and governmental customers with a focus on quality, flexibility and integrity.

Quality Security Services Since 1940

Dynamic Security Inc. is a large regional security firm headquartered in the southeastern U.S. We deliver high-quality professional services in a cost effective and responsive manner to governmental agencies, DOD contractors, Corporations, and commercial businesses large and small with a focus on user satisfaction. Dynamic has extensive governmental and industry based program management experience and expertise in all aspects of fielding high end armed and unarmed security professionals from the gulf coast to the Midwest.

A Dynamic Security Elite Services Guard on Duty

Dynamic Government Services

Elite Services Division: Premium training and experience populated by security professionals with specific law enforcement or military backgrounds who's skills and expertise are better adapted to governmental programs.

Disaster Recovery: Comprehensive support with experience from Hurricanes Katrina, Ivan, and Rita.

Flexibility: Tailored programs for each Governmental requirement

SBA Partners: Established 8(a), HUBZone, Woman-Owned, Disabled Veteran owned, small business partners to meet all small business goals.

Facility Clearance: Dynamic Security, Inc. currently holds the requisite secret clearance in order to serve our current federal DOD contractor and state Military Department clients. Existing agreements with partner organizations offer up-graded clearances and Small Business set aside compliance.

Clients and Customers

Dynamic Security Inc. provides service to more than 300 commercial, DOD Contractors, and Government customers. This client base includes multiple state military departments and all subordinate headquarters, training, and flight facilities; various DOD contractors throughout our service area ranging from aviation maintenance facilities to commercial and DOD ship builders, and non-governmental organizations.

In Their Words

"My first acquaintance with Dynamic Security, Inc. was when we contracted same to provide emergency security guard services at our various Alabama National Guard facilities. Dynamic Security, Inc. stepped up and promptly provided the necessary guard services to finish out that contract period. They continue to provide superb security guard services at our various posts, including Montgomery, Ft. McClellan, Pelham Range, Birmingham, and Mobile. I appreciate the commendable services of the security guards as well as the professional way in which the Dynamic Security staff performs."

Mark A. Weeks

Secretary, The Armory Commission of Alabama, and Contracting Officer

Customer Retention

Dynamic Security's **95% customer retention rate** sets the industry standard and is a quantifiable indicator of our commitment to customer service to all clients.
